

## Anthropology and Behaviour

Your task: Read p. 152-165 and answer the following questions.

1. People's behaviour has a lot to do with what they know or what their \_\_\_\_\_ has taught them.
2. To understand why people behave the way they do, we must understand their \_\_\_\_\_.
3. Define **technological diffusion**:
4. Identify two recent research studies that have been examining digital technology's impact on cultures and subcultures:
5. True or False: Language and culture are not intimately tied together.
6. What is the Sapir-Wolf hypothesis?
7. Colour \_\_\_\_\_ is another area where language and culture intersect.
8. Define **euphemism**:
9. True or False: Body language is probably one of the most important areas of communication especially for anthropologists.
10. Why are greetings often complicated?
11. Distance between \_\_\_\_\_ varies enormously by culture as well.
12. Why are foragers one of the most studied groups in anthropology?
13. Define **reciprocity**:

14. What are horticultural societies?

15. Many horticultural societies use the economic system of redistribution. Define **redistribution**:

16. Once people stopped \_\_\_\_\_ so much, they started to irrigate and fertilize their fields, which led to surplus \_\_\_\_\_.

17. Industrial societies have \_\_\_\_\_ than the majority of the population working to produce the food and goods needed for subsistence, with most people working in \_\_\_\_\_ labour.

18. Define **wage labour**:

19. Since the 1970's, Canada has had a \_\_\_\_\_ economy. In this economy, a majority of the population does not work for \_\_\_\_\_ or in \_\_\_\_\_ producing things; rather, most people work in the \_\_\_\_\_ sector, producing information or providing a service.

20. Define **globalization**:

21. True or False: The world has become more connected through the integration of our economies and financial systems, our cultures, and technology.

22. What are some of the positive effects of globalization?

23. How has globalization effected industry?

24. True or False: Globalization has not allowed us to make products and tools that are more complex.
