

# J. Addison School

## **NURTURING TOMORROW'S THINKERS** **SAFELY OPEN TODAY**

During these challenging and unprecedented times, J. Addison School would like to ensure the J. Addison community and community at large that we take the health and safety of everyone seriously. Being our highest priority, we have implemented appropriate COVID-19 safety measures within the school environment, such as physical distancing of students and staff, increased hand hygiene, a seating plan in the cafeteria, as well as the proper wearing of personal protective equipment (PPE). Public Health is working with our school to ensure safety protocols are in place and staff and students are properly trained on these protocols. In addition to maintaining small class sizes, our school has implemented distanced and designated seating inside classrooms, contactless infrared temperature-checking, as well as enhanced health and safety signage.

We appreciate the enormous support and patience of our staff, students, parents and school partners as we navigate these uncharted waters together, patiently awaiting the resumption of normalcy. In the interim, our online programs have effectively allowed the continuity of all our academic programs and our dormitory will remain open for the entire school year with appropriate COVID-19 safety measures and full services.

Please do not hesitate to reach out and connect with us directly should you have any questions, concerns or feedback. We are confident and excited for a bright future and outlook!
