2021-2022 UPDATES

Hello JAS Family! We hope everyone had a great summer. With the new school year upon us, we're excited staff and students are returning back to the school.

At J. Addison, the health and safety of our students and staff is our number one priority. We have all been experiencing a new way of life with COVID-19. Now, that some parts of our lives are making their way back to a new "normal" we want you to be prepared for some of the changes you will experience when your children return to school. To make sure this illness does not continue to spread, we intend to take all reasonable precautions, as prescribed by the Ministry of Education and the Ministry of Health such as:

Mandatory Vaccination Announced by the Ministry of Health

- Vaccination will be mandatory for all persons ages 12+ (students, faculty, staff, and visitors) who intend to be onsite at J. Addison School as of September 7th (first dose) and October 15th (complete vaccination), 2021.
- Any individual who cannot be vaccinated based on medical or other grounds recognized by the Ontario Human Rights Code can request an accommodation. Those who remain unvaccinated and who must be onsite will have to follow additional strict health protocols such as frequent testing, wearing medical grade masks and other PPE, if necessary, as well as other possible measures to be announced later. If deemed unsafe or high-risk, participation in various school programs may also be restricted.

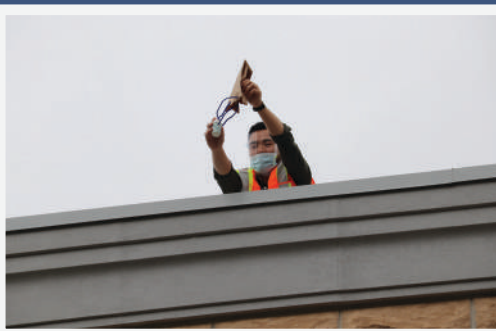

SUMMER CAMP

July and August were fun months! J. Addison School was able to run their annual Summer camp programs this year while following strict COVID-19 protocols. Campers participated in many activities, games and learning programs. Thanks for a great summer camp everyone! We hope that with a collaborative effort between students, staff and parents, we will have another successful school year as well.
